#### OLDAGE HOME PROJECTS IN DISTRICTS

*The organization from its very beginning started its residential projects in its main office i.e, 19/ kalinath ghosal road Kolkata 700057. Already 3 oldage persons are staying in the location in a good situation .After that our organization planned to work in the remote areas of our state to provide the accommodation and foodings to the poor older persons of the society. In 2018 ,April ,we started our work as our plan at Mainaguri, Jalpaiguri with our own contribution and donation. After proper advertisement and proper mobilization process we collected 25 nos of beneficiaries to start our residential oldage homes in that place with proper staffs , doctors, nurses and proper fooding system in the location. For govt grant ,the organization will submit the online proposal to ministry in FY 2021-22 to Govt. of India.*

#### Vocational Training: -

Vocational Training in different trade and profession is a vital part of training and teaching of the borderline mentally disabled with other impairment for their ultimate socio economic rehabilitation. To achieve that objective, there are facilities of such training and teaching in all the units' branches including headquarter in same specific trades and Progressions. As such training makes one such trainee financially benefited in course ensuring one's socio-economic rehabilitation, this vital component needs essential modernization and expansion. The Institution provided the following training to the handicapped children for Rehabilitation.

- a. Carpentry
- b. Weaving
- c. File making
- d. Tailoring
- e. Candle making.

#### Recreational facility: -

- a) Indoor game like caram, Ludu, chases etc.
- b) Arrangement for listening Radio, Watching Television with CD player.

#### Computer Education:-

We introduced Basic Knowledge about operation of computer through Computer. Cognitive see learning as an internal process that in voles memory, thinking, reflection, abstraction, motivation and meta-cognition. Cognitive psychology looks at learning from an information processing point of view, where the learner uses different types of memory during learning. So we started Computer learning of our inmates through Computer about natural studies, Arithmetic, Colour concept, Shape & Size, Coin etc. The National Trust provided Care 'N' Care CDs to teach the inmates about fruits, vegetable, kitchen, vehicles, animals, domestics objects, stories etc.

**Conclusion: -**

NGO's are subject to very many obstacles and limitations particularly stemming from financial hardship as also communication snags owing to situation at a far off rural area on the reach of all hindrances. The Unit always rose high to serve the mentally challenged scholars with a view not all to disturb their progress and improvement upon the state off their life. With the spontaneous assistance of all in and out all-round vis-a-vis the mission to serve being kept aloft, the Unit would go on plodding on steadily towards serving the hapless unfortunates at all times.
